Scores of Boys and Girls Are Learning to Swim in City Pool

By HARLEY LEETE JR.

Adison Jaynes, the swimming superintendent, reports that rapid progress is being made with the swimming and diving class at the pool. The classes at the pool are run on what seems a very efficient schedule, certain hours being allotted regularly, every day, to each class. The schedule is as follows:

10 A. M.—Pool opens.

11:00 to 11:30 A. M.—Beginners swimming.

1:30 to 2:00 P. M.—Beginners diving. Plain diving from bank and use of spring board.

2:00 to 2:40 P. M.—Senior life saving class.

2:30 to 3:00 P. M.—Junior life saving class.

3:00 to 4:00 P. M.—Advanced diving class.

The following is a list of those who have so far enrolled in Jayne's classes:

Beginners Swimming Class

Margy Shaughnessy, Mildred Tobiasson, Billy Tobiasson, David Tobiasson, Levon Gates, Betty Ashton, Tom Ashton, Dorothy Roberts, Sonny Townsend, Bob Shaughnessy, Harry Roberts, Billy Chatfield, Silvia Ronning, Betty Jean Dickson, Elta Hanifer, Betty Lou Krough, John Davis, Bonita Williams, Barbara Moore, Bob Lystrup, Robert Jyne, Warren Lystrup, Jack Dinville, Everett Angove, Glen Pontiscelli, Frank Roberts, Billy Keller, Hughie Kennedy, Wanda Lystrup, Bill Jones, Katherine Kennedy, Darline Kennedy, Grant Lystrup, Shirley Kennedy.

The tank, its banks and water, are remarkably free from impurities of any kind, a chlorine disinfectant being used to kill germs in the water, which is tested three times a day for impurities. The tank is also drained and cleaned every week.

BOULDER IN WAY OF BUILDING DYNAMITED

Work on the basement of the new Bank of America building is going forward rapidly. A granite boulder protruding into the excavation yesterday was shattered with small charges of dynamite. An interesting process is followed in setting off the blasts. The fuse is set with a wooden box over it, then fifteen or sixteen old used tires are piled over it to cushion the explosion. On top of that heavy rocks and old boards are placed to hold the tires down. Even then nobody cared to stand very close to the boulder when the blast went off.

PHOOY! 300 SACKS OF LADY BUGS EXPORTED FROM CAMPTONVILLE

CAMPTONVILLE, Aug. 8.—Whether it's the total eclipse, a big wedding, or what not, Camptonville is always coming out in print, and this time with nothing less than lady bugs—little red and yellow lady bugs. This section seems to be a good location for the propogation of this insect, and last week over 300 sacks of lady bugs were gathered up in the near vicinity and are being taken to Gridley where they will be turned loose to combat the Aphis pest in the melon industry. These bugs have previously been used on apple orchards in Sutter county. The nearby creeks are at times alive with these insects and are much sought by the valley ranchers. The amount taken out this season exceeds any previous exportation.

CITY COUNCIL MEETS WATER COMMITTEE

The City Council met last night with the citizens committee to discuss the water tax for irrigation, which has recently been imposed by the council. The citizens committee, with Attorney Francis Finnegan as chairman, asked for an entire elimination of the irrigation tax. A request was also made that the regular water rate be reduced in the future from $2.00 per month to $1.50 or $1.25 per month. The committee compared the Grass Valley water rate to the Nevada City water rate. The Grass Valley rate is lower per capita than the Nevada City rate. The council brought out that the city was run to some extent on the revenue collected from the water bills. The council also pointed out that the money would have to be raised in some other form if the revenue from the water was reduced. They also said that $1600 had been agreed by the council to be used to help with the airport. Also they pointed out that the city had to pay $6200 yearly in redeeming bonds.

It was proposed that all area over a certain amount should be taxed for irrigation. The committee stated that the assessment value of the city should be raised and the tax rate lowered.

The council stated that their intention in assessing for irrigation was that it would be equalized in the future by personal interviews with each water user and that all lots under a certain size (dimensions to be determined later), would be exempt from the irrigation tax and that the tax should be apportioned equably to all lots over the determined size of the exempt lots.

Next Monday night, August 13, at eight o'clock, the committee will hold a meeting at the Chamber of Commerce rooms, with the citizens, and at this time will present their report of last night's meeting.

GOLF ASSN. TO HOLD HOME COMING TOURNEY

The Nevada County Golf Association will hold a big home coming tournament at the club links on Sunday, August 19. There will be no green fees. The men's round will start at 9 o'clock in the morning. At noon there will be a clam stew donated by W. E. Wright. Joe Perkins will prepare the stew. At 2 o'clock there will start the two-ball foursome for men and women. One hundred and seventy-five invitations have been mailed to golf players, members and former members of the association.

Young's Aid to California

Do the voters of the Mother Lode, grandchildren and great grandchildren of the Argonauts desire to be ruled by the Man from Iowa?

Assuming that the record of the Man from Iowa is as clear as crystal, as open to the public eye as gold fish in their bowl; assuming that he came to California late in life for no other reasons than to enjoy our salubrious climate and went into the real estate business in Los Angeles, Long Beach and Crescent City for recreation, are these good reasons for electing him Governor of California?

True, he did once vote for a hydraulic mining bill, since none of his financial interests were involved, and his power trust friends raised no objection. But really—is that a good reason why Republican voters of the Mother Lode should cast their ballots for the Man from Iowa?

No, let us have a Californian in the Governor's chair. Let us bar the carpet baggers regardless of their antecedents, good or bad.

As between Quinn and Young, the other two Republican candidates, of any account, let us choose the man who has done the most constructive work for California. For four years C. C. Young was governor. For four years California had a business administration such as it never had had since Hiram Johnson was governor.

Contrast Young's appointees to the posts of vast responsibility, posts of huge spending and regulatory powers. Compare Bert Meek with Earl Lee Kelly; Compare Alex. R. Heron with the new finance director; go down the line of state appointees, compare them, man for man, with those that Young chose and those that the Man from Iowa keeps in office.

Young gave California a good business administration; he left office with $31,000,000 in the state treasury. He saved that money from the taxes and other revenues accruing to the state, and by that much lifted the heavy burden of the tax payers

These accomplishments are beyond dispute. They were brilliantly constructive and benefited the entire state.

But bringing Governor Young's splendid achievement while in office down to particular cases, down to brass tacks if you will—what did he do for Nevada County and the mother Lode? He started and carried through almost to completion several splendid mountain roads including the Tahoe-Ukiah highway, that magnificent thoroughfare which crosses this county longitudinally.

And as between these highways and what he did not do for hydraulic mining, which will you choose? He has made Nevada County accessible to thousands of people who spend thousands upon thousands of dollars in these mountains in the course of a year, hunting, fishing and touring.

Did Young foster these great mountain highways, that give easy access to most of the mines, hydraulic or quartz, because there was a great number of votes to be had here? He can hardly be accused of that.

He did it for the love of the Sierra Nevada mountains, for the love of his great State of California. He was brought up to love this golden state, its golden mountains and world outlook over the vast Pacific. This sentiment is bred in his bones. And with such a man to choose, will Californians here and elsewhere through the state, elect to employ for the office of Governor, a Man from Iowa?

Again, we must have a man strong enough to beat Sinclair, who, almost as certainly as the sun rises, will receive the Democratic nomination for governor—Sinclair, the writer, Sinclair the theorist and experimenter—Sinclair, the Man from Anywhere.

Really, what a spectacle it would be—Sinclair from anywhere east of the Sierras, contending with the Man from Iowa, for the Governorship of California. Let us pray God that we do not come to this sorry pass.

TWO HURT WHEN LOG TRUCK ROLLS OFF GRADE

When their truck loaded with logs stopped on the steep grade of the Kate Hardy mine road, R. D. Doris and Charles Thorton, of Forest, attempted to let it back a little in order to start the motor. They backed a little too far. The truck went off the grade and rolled over and over down to the creek bed thirty feet below. It landed right side up on its wheels, but Doris and Thornton were badly hurt.

Dr. B. W. Hummelt, of this city, was called at 5 o'clock and reached the scene two hours later. Doris suffered fractured ribs, a head injury, probable fracture of his jaw, a broken finger, and several bad contusions and bruises. Thornton's collar bone was broken. Dr. Hummelt treated them. A telephone message received yesterday stated that Doris was resting comfortably and will undoubtedly recover. Thornton's injuries were not so serious.

A group of Nevada City students yesterday returned to their studies at the University of California. In the group were Charles and Robert Barker, and Ruth and Margaret Rector.

EMPRESS MILL BEING ERECTED

The large building to house the 200 daily capacity mill at the Empress mine in the Newtown district have been completed and work is going forward of installing the milling machinery with the arrival of several truck loads of heavy machinery from Denver, where the mill was purchased.

Another month will be required to complete the work. The old Mulcahy house adjacent to the new mill buildings was torn down in five hours by a crew under the supervision of Robert Hathaway, Grass Valley millwright. The house was used for a time as quarters for some of the men.

A group of new cabins are being built for some of the men, although for the most part they live in nearby cities.

ZEIBRIGHT MILL ENLARGED

The big mill at the Zeibright mine near Emigrant Gap is being expanded for greater milling capacity.

The ore while low grade, has the advantage of all ore being milled as it is mined, thus saving greatly in mine development.

The board of Supervisors will meet Monday, August 20, to hear any protests or suggestions from tax payers regarding this budget.

One item which has been much discussed is that of $3,000 which the board proposes to raise toward a $9,000 fund during a three year period for the erection of a veterans memorial building in Truckee.

NEVADA COUNTY TO HEAR BLANCH BATES

The Young Democrats of Nevada county yesterday announced that Blanch Bates Creel, wife of George Creel, one of the eight Democratic candidates for governor, will give a public address on Monday evening, August 20, in Grass Valley. It is expected that Mrs. Creel will give her address on behalf of her husband's candidacy, in the Memorial building, though that detail has not yet been arranged.

Blanch Bates is probably better known than her husband. For many years she was the favorite actress of a vast body of American theater goers.

C. E. Bosworth is spending this week on a vacation in the bay district.

RATTLESNAKE BITES LITTLE GIRL'S ANKLE

A big black rattlesnake Wednesday evening, bit little June Baker on the ankle. The little girl, nine years old, living with her parents in a camp near the junction of Washington Road and the Tahoe Ukiah highway, was playing among some rocks about 5 o'clock in the afternoon. She came running to her mother exclaiming: "Something bit me."

She was at once taken to the CCC camp at White Cloud, only a short distance, where Dr. Hirsch gave her first aid treatment. She was then rushed to the Nevada City Sanitarium where Dr. A. H. Tickell injected anti-venom serium into her veins. Dr. Tickell reports that the child is doing well and suffers no pain.

J. A. MCINTOSH TO MAKE TRAIL OF DONNER PARTY

John A. McIntosh, veteran forest ranger of the Tahoe National Forest, located at Cisco or Big Bend in eastern Nevada county, has been chosen by R. L. P. Bigelow, of Nevada City, superintendent of the Tahoe Forest to act as advisor and trail blazer for the party being organized by the Lions club of Grass Valley and Auburn to mark the Donner Emmigrant Gap Trail from the Donner monument to Dutch Flat.

Mr. McIntosh will retire from the service at the end of this year. Mr. Bigelow states he knows more of this trail than any other living man and is desirious that this knowledge be preserved and utilized. W. T. Robie, of Auburn, will assist in the work. He will use the diary of John A. Markle who reached the Donner camp about the time some of the last victims were buried.

The trip will start August 12th at Donner Monument and reach Dutch Flat on the 13th if possible.

The Sacramento Lions club, Sacramento Riding club, Chapter Redivivous E. Clampus Vitis are invited to take part.

Mr. McIntosh spends most of his winter vacations in Nevada City. He has put his heart and soul in his work and holds a deep affection for his district.

VETERANS AUXILIARY TO MEET

The Auxiliary of the Veterans of Foreign Wars will meet at Pythian Castle this evening. All members are urged to attend as matters of special importance will be discussed.

C, C. YOUNG'S EXPERIENCE NEEDED

Foremer Governor C. C. Young, again a candidate for Governor, has had a record of successful experience in dealing with the business affairs of our State that ranks him far in the lead of the many candidates for Governor. For twenty-two years he was one of the most active leaders in formulating and directing the activities of our State, six years of that time as speaker of the Assembly, eight years as Lieutenant Governor, and four years as Governor.

This is one of the most outstanding records of successively increasing responsibility in conducting the State's business ever achieved by any man in California State life.

No one can point to any act of his during the entire 22 years of public service that was not directed towards the best interests of all the people of the State.

It is a record of sound, practical accomplishment and experience that California bably needs again at this critical time in its disturbed, economic and social conditions.

Every progressive, humanitarian law that has been passed, every forward step that has been taken by the State in all that time had his active support. He has been especially interested in aiding measures intended to benefit agriculture and to further the better business interests of the State.

On the question of law enforcement and protecting the rights of law-abiding citizens against the activities of law breakers of every kind, Governor Young has always stood solidly for the rights of the better members of society; more effective work was done during his term as Governor to improve the criminal laws of the State and the methods of applying them for the protection of the good citizens against the depredations of the criminal element than was ever done before or since. There is still much work to be done along this line and he is the proper man to help do it.

His humanitarian views are too well known to require any argument in his behalf along that line. As to his ability to represent us well as Governor, we need no other argument than the fact that as Governor he gave us one of the cleanest, most progressive administrations we have ever had. He took care of all the really important activities and needs of the State.

His business ability was proved by the fact that he left a surplus in the treasury at the end of his term of office of over $31,000,000. We cannot now afford to do without the tried experience of such a man. Let us put C. C. Young back in the Governor's chair to lead us back to success once more in our State affairs.

ENGINEER DELAYED BY AUTO ACCIDENT

In a phone message received at the Alaska mine from R. C. Eisenhauer, consulting engineer of the Alaska mine, also of the Melones mine in Calaveras county, he stated that he is enroute to this district but has been delayed between Denver and Salt Lake, due to an automobile accident in which were himself and wife and three daughters. No one received serious injury but the accident will probably delay them five or six days.

Good Common Sense Demands Re-election of

Ray L. Riley

CONTROLLER Ray L. Riley is one man at the State Capitol who comes before the electorate with a record that entitles him to the support of good citizens everywhere.

HE has conducted the Controller's office in the interests of the people, and saved the taxpayers millions of dollars by his unceasing vigilance against treasury raids.

HE is a recognized authority upon governmental finance and taxation and his leadership has been invaluable in formulating legislative programs to keep California taxpayers solvent during the depression.

HE is courageous, independent and intelligent, with a background of competent public service that has made him one of California's outstanding State officials.

EAGLED EYED LOOKOUT SEES ANOTHER LOOKOUT'S BREAKFAST SMOKE

CAMPTONVILLE, Aug. 9.—An early ring of the telephone aroused Forest Ranger Frank W. Meggers at 5:30 Thursday morning, with a report from Banner Lookout of a fire starting in the vicinity of Pike City. Being unable to get the Pike station, Meggers made haste in his car to the spot, but no fire could be found, and with no trace thereof, it was a perplexing situation. Finally it was discovered that the smoke which the Banner man saw was occasioned by Lookout Sherill at Alaska Peak Station, when he built the morning fire to cook breakfast. Since then, Lookout Sherrill has not dared to light his pipe.

CAMP FIRE GIRLS HIKE TO KIDD LAKE

The first week of Campfire Girls Camp at Kilborne Lake closed last Sunday. Over half the girls registered for the second week bringing the camper total to 45 with a number of the girls returning to camp about midweek.

Last week featured an over night trip to Kidd Lake, where each camper cooked her own breakfast; nature hikes; a treasure hunt; gypsy costumes; leatherwork; swimming; boating and nightly campfires. The week was climaxed Saturday night with a campfire ceremonial, where all honor awards were made. Following this two hours of stunts and entertainment were held before the big fireplace in the lodge.

This week, campcraft, of which outdoor cooking is a part, will be featured. Many campers are trying for the rank of Fagot finder, of which this is a part.

Mrs. Thelma Bond, of Grass Valley, is directing camp, assisted by Guardians Louise Bailk, of Penryn and Elsie Dunn, of Roseville. Waterfront and swimming is supervised by Assistant Scoutmaster Sam Partridge, of Grass Valley. Scout Executive Harris Ricksecker is assisting in general camp supervision and the commissary and Mrs. H. Ricksecker is in charge of the leathercraft. Mrs. A. Dalbey is cook. Others on the staff are W. L. Holmes, M. S. Beecher, Jack Schultz and Ben Ramsey. Grass Valley, Nevada City, Colfax, Auburn, Hobart Mills and Roseville are represented in camp. Joan Grant and Marion Chapman are in camp from Nevada City.

Luther Marsh, Jr. Celebrates Birthday

Luther Marsh Jr., celebrated his seventh birthday Sunday with a jolly party on the lawn at his home on Prospect Hill.

Fourteen children had a merry time playing games; Billie Tibiassen won the prize for pushing the peanut with her nose the longest and fastest. Edwin Dale carried away the prize for putting the donkey's tail at the right end. Evelyn Lotz received a prize for the biggest bag in the peanut hunt. After the games the children sat at a long table for refreshments. Each received a cowboy favor.

In the merry group were Mary Cortecelli, Freddie Close, Evelyn and Leona Lotz, Babe Chapman, Sylvia Ronig, Billie, Dave and Mildred Tobiassen, Billie Tamblyn, Edwin Berger, Keith Marsh, Mynola Jean Marsh and the host, Luther Marsh Jr.

CHRONIC CONSTIPATION

See us today, feel better tomorrow

Everybody should recognize the danger of Chronic Constipation, as all first class physicians do. Whenever you go to a physician, the first thing he does is to ask you whether your bowels move regularly... He knows that Chronic Constipation is the root of most sickness and disease. Every person suffering with Chronic Constipation should look for permanent results instead of temporary relief. The more physic you take the worse your condition becomes. The physic is too strong in its action. It causes uncomfortable and painful action. It irritates and inflames, wearing out the lining of the intestines and bowels. If you continue taking it you will permanently endanger your health. Stop today and consult Henry Yee, and start on the way to good health.

There are many hundreds of different kinds of herbs, roots and barks. Each herb has its own healing power and purpose for certain ailments. The Licensed Chinese Herbalist knows what each kind of herb will do. You may need certain herbs to increase digestive powers; or others to make your liver active; some to assist in carrying out poisons; some to build up the lining in the stomach and intestines; other herbs to restore your strength and vitality. All together will help nature carry out her proper functions and actually produce a natural bowel movement in a natural way.

Our herbs have helped many prominent citizens of Sacramento and throughout the state when their cases were pronounced hopeless by others. There is no reason why you should hesitate to try them.

Constipation is the direct cause of many diseases and sickness. Unless quickly relieved, it may be the cause of mental ailment. If the bowels were kept open in a natural way, thousands of sicknesses and disease would be avoided and physical health would be general throughout the world.

HARVARD MAN, BORN HERE, VISITS FRIENDS

David Maydole Matteson, born and educated in Nevada City, visited with old friends here over the week end. He was the guest of Judge George L. Jones. Mr. Matteson graduated from the Nevada City high school in 1887, and later graduated with honors from Harvard University where he received the degree of Doctor of Philosophy. He is now in the research department of that university with a home in Cambridge, Mass., though he spends much of his time in Washington.

On his summer's vacation he toured the southwest and came to Nevada City via Lake Tahoe. In this city he visited the graves of his grandparents, J. E. and Catherine Matteson, and his great grandparents, the Hon. and Mrs. J. B. Johnson, whose remains repose in the cemetery here.

During Mr. Matteson's research activities he has made several contributions of value to the Nevada City high school library, among others: "Washington, Every Day, a Calender of Events and Principles of His Entire Life Time." He retains a very active interest in Nevada City and the schools he attended here as a boy.

Mr. Matteson was accompanied on his tour of northern California by an old friend of Huntington Park, L. L. Clark.

What this country needs is a dollar which will not be so much elastic as it will be adhesive. —Judge.

NUGGET ADVERTISING PAYS!

CAMPTONVILLE TO HAVE FOREST SERVICE BLDG.

CAMPTONVILLE, Aug. 8.—Finally, after a year and a half court procedure and title corrections, the Meek Mercantile Company, Inc., of this place, through Acton M. Cleveland, has been able to make a gift to the United States Government of four town lots, upon which the Department of Agriculture, Forest Service, will erect a headquarters for the Camptonville District of the Tahoe National Forest.

The final deed was accepted a few days ago, and men started to work Monday preparing for the building. Most of the material for the building was hauled here over a year ago, and remained on the ground in piles, awaiting the termination of the title congestion. As a matter of fact, there was nothing wrong with the title of the land, but the title company, which rules all transactions involving land, would not accept the town map of the Townsite of Camptonville such as was given the people by the Government of the United States.

The new headquarters will consist of six buildings, two of which will be constructed immediately, the office building and the warehouse, the latter of which will be of iron construction. The location, comprising the four town lots, is the section below the Meek Mercantile Company store, up to the Pauly property on the edge of the hydraulic bank, the tract extends back as far as the Hanson property is a level piece, with several fruit trees, and an ideal place and location for such a station, and when completed, the new buildings will be much of an asset to the town. Other buildings in the set up will include a residence for the Ranger in charge and one for the fire guard.

The Camptonville District of the Tahoe National Forest is one of the most popular in the forest, and much forest business is conducted by this office, in the manner of taking care of tourist business, fire control, cattle ranging, timber sales, etc. The office force consists of a staff of the local office, which has been housed in the upper story of the Mayo Building, is in charge of Forest Ranger Frank W. Meggers, and is considered one of the most efficient districts in the forest.

The four lots which the Meek Mercantile Company have given away, were formerly occupied by the hotel and the saloon and Masonic hall, and much of the early day history of the community took place on these lots. They compose the most desirable pieces of property in town. The last buildings thereon since the 1908 fire was a large garage which was last operated by Wm. Lang, and torn down last year by the owners to make way for the government buildings.

MUSEUM RECEIVES INTERESTING GIFTS

The Native Daughters and Native Sons museum was enriched this week by a collection of 21 large pictures of Nevada City, taken between the years of 1920 and 1924. They were the property of R. E. Harris, local druggist.

Frank and Roland Wright presented the museum with an old Spanish spur and an old jockey spur that had been used by their father, the late H. J. Wright, he being quite a noted horseman. Mr. Wright used the jockey spur as a jockey when a young man on the race circuit in St. Paul and Minneapolis.

BENEFACTORS OF CAMP FOR GIRLS ARE GUESTS

Mr. and Mrs. J. P. Ehrmann, of Oakland, are spending a few days at Camp Augusta on Lake Vera. Mrs. Scott and Miss Rhea, Camp Fire Girl councilors, are entertaining the visitors.

Mr. and Mrs. Ehrmann, of olive fame, gave the site and beautiful log lodges to the Piedmont Camp Fire Girls in honor of Mrs. Ehrmann's mother and it bears her name.

FORMER MAYOR BUYS BUSINESS PROPERTY

R. J. Bennetts former mayor of Nevada City, has just purchased the ground and office buidings which are occupied by Dr. A. H. Tickell and Attorney Harry McKee on Pine street near the court house, as a investment. The deeds to the propert were placed on record Wednesday.

Dreams and the Dreamers

"Dreams are done," said the speaker,
But false were the words of his tongue;
For a dream goes forth and conquers
Before the task is begun.

Washington dreamed of freedom
For the land his valor served,
And the star by faith illumined
From its course has never swerved.

Lincoln visioned gladness
For a people in bondage and pain;
And the nations paused rejoicing,
At the sound of a breaking chain.

A dream in the soul of a toiler
Though seen through a mist of tears,
May herald a gift of beauty
And joy for the coming years.

Clouds in the glare of noontide,
And pillars of fire by night,
Earth's beautiful dreams and visions
Are leading us on toward the light.

And all that we build for the future,
The tasks that we each may do
Can be but the strong endeavor
To make some dream come true.

And this is the truth forever
As the race fares on toward the light
We build with a sure foundation
When we dream our dreams aright.

A. Merriam Conner.

SANITY RETURNS TO LABOR HEADS

The Mining Review has this heartening editorial which every good American should read:

If we would know the kind of a country we are living in—and fully appreciate the fact that it is "the best on earth"—we have only to look around us and see what is happening in the rest of the world. Sometimes we Americans wonder if, with our labor troubles, "strikes," etc., we are not being pushed along and headed for a condition that is destined to destroy our equilibrium, much as the equilibrium of the rest of the world is being destroyed. The answer is, emphatically, WE ARE NOT!

Within the last ten days the situation in this country, respecting labor troubles, strikes, etc., has been clarified to such an extent that the real value of American citizenship has asserted itself and taught an impressive lesson to the malcontents who had been erroneously led to believe that if they wanted something there was just one way to attain it—and that was to "strike."

In San Francisco, the other day, it was planned to call "a general strike" to compel settlement of the longshoremen's demands. That was when "American citizenship" asserted itself and the expected potency of the strike was tossed to the winds. It was then that the strikers showed a willingness to listen to government counsel and agree to arbitrate. That decision was an exhibition of returning sanity in the ranks of the strikers—and it quickly spread to all parts of the country where other strikes, or threats of them were in progress.

No people in this world are as well off in conditions that go to make life worth living as are the American people. Remember that. The American people are, as a class,, the best educated, the best read and, consequently, the most capable of sensing what is right and what is wrong. They know how to have warped conditions straightened within the law and it is perfectly safe to say that they will rise in their might when and if occasion demands to head off foreign ideas of rule or ruin as they see them being applied in so many sections of Europe and other continents at the present time.

In other respects this country is just getting back into its industrial, social and economic stride. The so-called depression is being worn out at home while the rest of the world is plunging into a state of mental, moral and financial degeneracy from which it will take a century to recover. The situation with us is not so hopeless. The outlook for the future is growing brighter all the time. All we have to do to reach the goal of complete recovery is "keep to the right."

NEVADA COUNTY FRUIT SHIPPED

Three car loads of Nevada county pears are being shipped daily from near Grass Valley and the Chicago Park districts. The peak of the season has been reached, but shipments of Bartletts will continue until the end of the month.

About September 5, shipments of Winter Nellis pears will start from the Grass Valley and Chicago Park sections.

Robert Paine, local depot agent, states this is the busiest month for freight for Grass Valley, while it is the quietest here. The busiest freight season for Nevada City is generally the months of October and November, when many up country shipments are made and the local section also lay in winter supplies.

ACTIVITIES AT RIVER PLACERS

A large load of lumber was taken to the River Placers mining property on the South Yuba River Monday by Frank Davies of Nevada City, in his five ton capacity truck. The lumber is to be used to build sluice boxes that will handle the gravel taken from the old river channel, located in recent months. A drag line and equipment are working at the propert and from indications, production should soon start.

A. I. Hays has a lease on the property from Edward Poorman and other relatives of San Jacinto. Mr. Poorman is now staying at the National hotel in Nevada City watching the development of the property with keen interest. This ground was owned first by his late parents, Nevada City pioneers.

A young apple tree, that was moved last fall, at the home of Mr. and Mrs. Ed Martine, put out a new growth late this summer and has had a number of blossoms on it, this being the first flowers for the tree.

HISTORIC GOLD FLAT SCHOOL RENOVATED

The interior of the Gold Flat school house is receiving a coat of white and cream paint this week. The desks are to be repaired and repainted.

According to records this school is the oldest one in Nevada county and many prominent citizens attended school there. A few of them are: Susie Green, Ben Bost, James Cristoe, Tom Monk, Joe Kitts, Will Sharp, fire warden; Ola Gillespie, Emma Stenger Meservey, Carrie Whildin, Alice Barr Erskine, Fred Tredennick, Fred Thomas, Maggie Stenger Hallett, Harry Odgers, Earl Sutton, Earl Hawke, Ellen Tredennick, Janice Clemo, Ethel Bond, Lyda Galli, Charles Sandow, Robert Stegger.

Some of the former teachers were F. L. Arbogast, Susie Green, F. M. Rutherford, Miss L. M. Richards, Alice Sutton, John Ogden, Charles Temby, Violet Rouner, M. E. Douglas, Janie Clemo Waters, Albert Benson, Mrs. M. R. Wilson, Laura C. Nile and later are: Victor Johnson, A. R. Curneen, Vera Tremewan Berger, Agnes Joerschke, Aileen Paine Rush,

Miss Susie Green, carries an unusual distinction in the fact that first she was a pupil, later a teacher and at present is custodian of the Gold Flat school.

A part of this building has been remodeled but the original slate black boards are in good condition and in use. O. B. Lake is principal of the school, and Miss Alice Harry, of Nevada City, is the primary teacher. There were 82 pupils registered last term.

Electricity was installed last year and the school has a radio and piano.

Present trustees are: Ralph Leonard, C. G. Walker and Joseph Day.

SICK MAN KILLS SELF

Victor Lampi, a native of Finland, despondent from a long and incurable sickness, committed suicide at the county hospital at about ten o'clock Monday night by slashing his neck with a safety razor. Lampi has been in Nevada county one year. So far as known he has no relatives. The body was taken to Holmes Funeral Parlors to await directions for its disposition.

R. J. Nickelson, of Oakland, was in town Thursday on a short business visit.

Lionel C. Davis, of Nevada City, was in town on business Saturday.

Mrs. Virginia M. Lord, a member of the staff of the hospital at the Masonic Home of Decoto, arrived a few days ago to spend two weeks vacation at her old home here.

W. C. Rucker, candidate for District Attorney, of Marysville, was in town Friday and Saturday in the interests of his campaign.

E. O. Holm, of Oroville, spent two das here this week on business.

Mr. and Mrs. Seisser have moved into the Goldthwait home on Spring street. He is employed at the True Grit mine.

Mrs. Fred J. Joubert returned a few days ago from a week's visit with her daughter, Miss Lesta H. Joubert at Oakland.

George E. Butz and Chancy M. DeFew spent the past week in the vicinity of Milton on a project for the Forest Service.

NORTH SAN JUAN

By MRS. F. M. HARRIS

NORTH SAN JUAN, July 27.—Rev. Zurbuchen of the German M. E. church, of Oakland, exchanged pulpits with Mr. Buckner last Sunday and preached in the San Juan church in the p. m. Miss Evelyn Jones is organist in Mr. Zurbuchen's church.

Mr. Earl Moyer, who has been working in the American Diggings, fell over a steep bank on Thursday and broke an arm and some ribs.

Mr. and Mrs. Reed and friends of Willetts visited Miss Lena Dahneka on Friday.

Mrs. James Broeklehurst, of Rodeo, has been visiting her daughter, Mrs. Joe Young. Mr. Brocklehurst has taken a trip east to see relatives.

Misses Caroline and Annie Weinman entertained a few friends at lunch Thursday noon in honor Miss Evelyn Jones whose vacation was drawing to a close when she would return to Berkeley.

Mr. H. Huckins has been quite ill for some time but is now improving.

Mr. and Mrs. I. S. Slach and son Hollywood, are spending the summer in a very pleasant camp at Sebastopol.

Mr. Sam Hill, of Brentwood, Contra Costa county, is in town for a few days. Mr. Hill was for a number of years, editor of the Brentwood paper. He is a native of Downieville and has many friends in San Juan as he frequently visited his grandparents here, Mr. and Mrs. John Cunningham.

Mrs. C. H. Jones met with a serious accident a week ago when she fell and dislocated her right arm, also cracking the shoulder bone.

Mrs. Aldredge and children are in Yuba City for some weeks.

Mr. W. C. Walker and Mr. Neil Ennis are working at the Gold Bar mine.

Mr. and Mrs. Frances Proom have gone to Marysville for the fruit season, August 2.

Mrs. H. Huckins and Miss Maggie Lohman motored to Nevada City and Grass Valley on Thursday.

Mrs. C. J. Lyser and Miss Betty Lyser spent Wednesday in San Juan visiting with friends.

F. M. Harris and Harris Matthews went to Marysville for peaches on Thursday. They learned that many are being dried and not so many left on the trees as in past seasons.

San Juan residents were startled from their sleep about 12 o'clock Wednesday night, by a fire alarm as a fire had been seen about a quarter of a mile south of town at the bend in the highway.

In a surprisingly short time after the ringing of the fire bell, nearly every man in town was ready with shovel and ax and had the burned area surrounded when the fire warden and crew from Nevada City arrived. Evidently some one in a passing car had carelessly thrown out a lighted match or cigaret for the fire had started in the dry grass by the side of the road.

As the blaze was discovered before making much headway and there was little wind it was possible to bring it under control in a comparatively short time.

FIRE DESTROYS CABIN

CAMPTONVILLE, Aug. 5.—One of the entire cabins, property of C. L. ilson, of Log Cabin, was destriyed b fire Thursday at one o'clock. The cabin was being occupied by Mr. and Mrs. R. L. Kaer, of Oakland, who lost the entire of personal effects, clothes, rugs, etc. They were not in the cabin when the fire started and the cause is unknown. The local Forest Service responded to the call, but it was too late to save the cabin, but the fire was kept under control and prevented from spreading to adjoining buildings.

ALONG DEER CREEK

DEER CREEK, Aug. 9.—Miss Jensen, who has been visiting for a time with her brother, Tom Stockdale, returned to her home in San Francisco accompanied by her little niece, Miss Avis Stockdale, who will attend school in the city. Before leaving last week, Miss Stockdale served a delicious chicken dinner to the many neighbors and friends.

Jess Layton was a business visitor in Grass Valley recently.

Homer A. Stirewalt has just completed digging a new well on his property which he has purchased on Deer Creek.

John Gaffney has just returned from a week's stay in San Francisco.

Quite a number of new faces are seen among the snipers on Deer Creek, in this district.

A. M. HOLMES

Nevada County Coroner—Offices in Nevada City and Grass Valley

Perhaps never before in the history of the county have the people given so much thought to the caliber of the man who will hold public office as well as their proved personal attributes and capabilities that would indicate how well they would hold their respective offices after being selected. This is true of the people of Nevada county, as it is of the nation. A. H. Holmes's constructive administration of his own private affairs and business has gained him a hearty regard and the respect of his colleagues, because his career as a citizen has been helpful and conducted in a sound and business-like manner. He has been indefatigable in his efforts to give the interests of his fellow citizens the best that is in him and his policies have been so manifestly honest and above board that he has won the plaudits of all, regardless of partisanship. It is such men who merit well at election time, for the day has passed when men are selected for office as a personal favor.

MAYO REDEEMS MINING PLEDGES

In a statement issued to the press this week, Assemblyman Jesse M. Mayo of this district, who is seeking reelection upon his record at the 1933 session of the legislature, stated that one of the strongest planks in his 1932 platform was that he would aid mining. In commenting upon the record, Mayo said:

"In 1932, I promised, if elected, that I would work for the interest of mining and particularly would I bend every effort to reduce the high costs of compensation insurance to mines, and the following record will indicate that I have kept faith with the people of the sixth district."

"Was author of Assembly Bill No. 2263, which passed both houses and was signed by the late Governor Rolph, which provided that with the beginning of 1934, all insurance carriers must segretate the nature of mine employment and classify the workers in accordance with the hazzards involved. At least three rates must be set up. Prior to this law, all mine workmen, even clerks were compelled to pay the high underground rate. Following the passage of A. B. 2263, an entirely new rate setup in mine compensation insurance was made. The following table will show a substantial reduction:

	Old Rate	New Rate	Saving
Undergnd. men	$11.85	$11.00	$ .85
Surface workers	11.85	9.15	2.70
Mill workers....	11.85	3.05	8.80

"The new basis for figuring mine compensation brought about the reduction without mine laborers losing one cent of the benefits to the injured workman," stated Mayo.

Other measures which materially aided mining were cited by Mayo as part of his 1933 legislative record:

"Co-author of Senate Bill 480, known as the "Placer Mining District Act," which creates mining districts similar to irrigation and other public districts.

Crusher Bids for State Fair Crown

CNPA, Inc.

Sacramento.—Bare-foot beauties, in brightly colored old world costumes, will stage a grape-crushing derby on September 5 at the California State Fair in Sacramento for the crown of "Queen of the Vineyards." Celia Carosso of Lodi is already limbering up on a mound of tokays.

This event will be part of a program showing evolution of wine making from the old foot press to modern winery equipment.

ELK MOUNTAIN AREA CLOSED TO HUNTERS

SAN FRANCISCO, Aug. 9.—Hunters who intend to go into Lake county for deer at the opening of the deer season in District 2-3-4, August 16, are advised by the State Fish and Game Commission that some 6,000 acres of the Elk Mountain area have been closed to hunting this year, by proclamation of Governor Frank Merriam.

The Lake County Associated Sportsmen's club requested the closure, and in making the request they set forth that a serious forest fire swept over the Elk Mountain country last year, leaving some 6,000 acres barren of coverage. The members pointed out that as a result of this "burn" deer would have but scant protection, and that a slaughter of these animals would follow, unless the area was barred to hunters. With this recommendation, and the approval of the captain of patrol in that locality and of the U. S. Forest Service, the Commission sent the order for the closure to Governor Merriam for his signature.

Most of the land affected is in the Mendocino National Forest, though there is some privately owned. Landowners who suffered from the fire of last year joined in the request for the closing.

SITS ON BOTTLE OF ACID, BADLY BURNED

Art Perry, who is in charge of the Willow Springs Service Station and gold buying business at San Juan, purchased from Henry Huckins recently by Fred E. Conner, of the Nevada County Lumber Company in Nevada City, is slowly recovering from severe acid burns.

In some manner a bottle of acid used in assaing or retorting gold was left in a chair and he sat down crushing the bottle. The acid burned him quite severely before medical aid arrived.

Mr. Perry was employed at the local lumber yard as a truck driver for two years and has made a wide circle of friends here who will be sorry to learn of his serious mishap.

H. E. KJORLIE WRITES OF DROUGHT DISTRESS

A letter from H. E. Kjorlie to the Nevada City Nugget, reports that he and Mrs. Kjorlie are greatly enjoying their vacation in North Dakota, despite heat and drought. In the Red River Valley, bordering North Dakota and Minnesota, the crops, he states, are to be very good. But generally throughout the upper Mississippi Basin they have not seen a green blade of grass.

One cannot appreciate the absolute destitution," writes Mr. Kjorlie, "unless he sees it."

Mr. and Mrs. Kjorlie expect to arrive in Nevada City about August 15.

Your last opportunity

TO MAKE THESE SAVINGS ON GAS HEATING EQUIPMENT

SUMMER will soon be gone. Soon fickle fall with a sudden drop in temperature will be here. If you have an old-fashioned heating system this means getting back to the routine of ordering, storing and handling fuel and constant fire tending. And even then perhaps, never getting your house really warm.

Why not stop all this right now and save money? Change to the carefree comfort of Gas heating. By automatic thermostat, by three-heat control or by turning a key you can keep your house at desired, healthful temperature no matter how changeable the weather may be.

Go ahead — make the change now. Why delay when it is so easy to pay for gas heating equipment at this time? It takes only a few hours, for example, to install a Gas burner in your present furnace. Floor furnaces or circulating heaters and other gas heating appliances are likewise quickly and easily installed. Then you and your family are ready to enjoy the convenience of clean, carefree, healthful heating this fall and winter and many winters to come.

Remember, the special 10% Summer Discount on gas heating equipment ends this month. Why not go ahead and order your Gas heating installed today?

STRANGERS talk! Prone to criticize they are equally certain to note evidences of civic pride and self respect as expressed by the appearance of our homes and places of business.

Time, money and labor spent in the improvement of our material surroundings, pay immediate dividends in self satisfaction, pride of ownership and increased values.

Nevada County is attracting attention and admiration from the outside world. We, her children must keep our civic pride in order, and protect her from harsh criticisms and unfounded conclusions.

Materials of the Nevada County Lumber Company are used daily in the pleasing tasks of making this The County Beautiful.
